

	<p>Siemens - Is the world's single-source leader of automation technology products for all industrial sectors. Our product range offers you a Total Integrated Architecture Solution from a simple control solution to the complex. We offer a wide range of Standard and Safety PLCs to suit all application.</p>
	<p>Hirschmann - Develops innovative solutions as a specialist for automation and networking technology, which are geared towards its customers' requirements for maximum performance, efficiency and investment reliability.</p>
	<p>Brady - Will meet your safety and facility identification needs with an extensive range of safety signs and Lockouts and Tagout products. Our Brady printer range offers you fixed and portable solutions with a wide range of labels, inserts and customs labels.</p>
	<p>B&R Automation - Offers a wide of products from PLC, HMI, Motion control, Servo Motor, I/O System IP20 & IP67 Safe I/O with communication Protocols; Ethernet I/P, Modbus, CANopen, DeviceNet and Fieldbus. The perfect solution to any application.</p>
	<p>Axelent - A leading Swedish manufacturer of safety machine guarding, warehouse partitioning and accident prevention systems. Pre-made Safety Fencing for access prevention to machinery. Design your own fencing with our free software downloads available on our website. Speak to us on your safety fencing needs.</p>
	<p>Remote access to industrial equipment made easy allows you to connect to your Siemens, Rockwell, B&R Automation or Schneider CPU with ease. There is no need for open ports in firewalls, No need for fixed IP Addresses, No need for VPN, No need for IT skills. Get setup and online in 15 minutes!</p>
	<p>IDEM Safety Switch range of Safety Switches provides customers with modern cost effective machine safety solutions. Products include pull rope switches, coded magnetic door switches, solenoids interlocks, safety relay.</p>
	<p>Electrical enclosures, server racks and cabinets, plastic boxes, climate control systems and switchboard building products. Equipment for terminating panel, wall mount and free-standing.</p>
	<p>Mean Well is a Switching Power Supply (SPS) manufacturer fir AC/DC, DC/DC , Medical and Din Rail power supply, LED power supplies.</p>
	<p>MegAlert – the only automatic permanently installed “True Dielectric” Insulation Resistance Testers with 500-5000 VDC outputs. Manufactures of the MotorGuard and GenGuard testing and protection systems designed to detect insulation breakdown in critical motors and generators. Done offline with continuous dielectric testing.</p>
	<p>Rockwell Automation - Offering a great range of PLCs, PanelViews and Variable Speed Drive products for your Automation needs at competitive market pricing.</p>
	<p>Balluff - World's leading sensor manufacturer providing innovative and practical sensing solutions for a wide range of applications and industries. Our product range includes pressure sensing, safety interlocks and guarding. With a range of product specialties, Balluff has a solution for your sensing needs.</p> 
	<p>Sealsafe - Australia's premier flameproof brand. We have a wide variety of IEC and AZEx certified products for your DIP and flameproof cable management and cable protection requirements. Call us to discuss your application and cable protection needs.</p>
	<p>High technology and low cost three-phase motors. Flexible, allowing quick and easy installation, operation and low maintenance costs. Combine your motor requirement with WEG's large range of VSD and SoftStarter; resulting in a cost effective extended warranty solution. In addition our extensive range of Industrial control components makes us your perfect solution provider.</p>
<p>Other Products obtainable at a competitive pricing</p>
